[AnySquared](http://AnySquared.org) is a collaborative network and a platform for artists. Propelled by a profound sense of cooperation with artists, neighbors, and the larger community, our mission is to support projects that promote inclusive participation in arts activities. Our foundation is the belief that we can accomplish anything if we work together.

Ongoing Projects & Series

[Studio Day Wednesdays](#) | 2010–present

AnySquared has met almost every Wednesday for over 13 years. Our studio days are our most important incubation space where we cultivate our relationships and make art together, engage in discussions, and plan events. [older photos](#)

[AnySquared's Galleries](#) at Milwaukee Ave Arts Festival (as head organizers of visual art) | Jan–July 2011

AnySquared organized and created the 2011 arts committee and project managed over 30 curated and themed pop-up galleries and arts activities. For the breadth and depth of what we did in 2011, please see the catalog designed by Tracy Kostenbader: [AnySquared's Catalog of the 2011 MAAF](#) (the printing was donated to AnySquared by Mission Press) | also see the [Satellite New Media Exhibit blog](#) created by AnySquared member Ryan Scheidt and Jenn Grossman

(After 2011, AnySquared withdrew from subsequent festivals. The post-2011 festival goals and vision changed in format, participants, and they were no longer interested in themed and curated galleries. The targeted audience as more of a music festival became very different from the original vision of visual artists 2009–11. It is now called the Logan Square Arts Festival)
